PROFILE

Data Analyst with a strong background in economics, finance, and digital project management. Proficient in data analysis tools (Power BI, Tableau, SQL, Python) and Machine Learning techniques applied to real-world classification and predictive analytics projects. Able to turn raw data into actionable insights to support decision-making.

TECHNICAL SKILLS

Visualization & BI: **Power BI** (DAX, Power Query, Star Schema), **Tableau**, **Excel**
Data Preparation: **Python** (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn), **SQL** (joins, aggregations, views), **ETL/ELT**
Machine Learning: Statistics (T-test, ANOVA, Chi-square, Pearson), Regression, Classification, Clustering, Feature Engineering
Cloud & Big Data: **Microsoft Azure** (Data Factory, ADLS Gen2, Azure SQL), **Databricks** (Notebooks, Delta Lake), **PySpark**
Databases: SQL Server, PostgreSQL, Relational Modeling
Other Tools: **Jira** (project tracking and management), **EViews** (econometrics), **Advanced Microsoft Office**, Git/GitHub, **Web Scraping**

PROFESSIONAL EXPERIENCE

Data & Digital Transformation Project Manager | TIP SOLUTIONS | Agadir, Morocco — Nov 2023 – Dec 2025

- Analyzed, tracked, and managed digital project performance indicators (KPIs) through interactive Power BI dashboards.
- Collected, cleaned, and structured complex data to produce periodic reports (Excel and Python).
- Defined functional requirements, planned deliverables, and coordinated technical teams using Jira.

Data Analyst & Decision Support | OMEGA UPDATE | Ait Melloul, Morocco — Aug 2022 – Sep 2023

- Analyzed market data to optimize decision-making processes.
- Produced activity reports and tracked operational performance indicators (Excel and Power BI).

Research & Data Analysis Officer | SOBYSOFT | Agadir, Morocco — Jun 2021 – Jul 2022

- Performed statistical analysis of databases to identify activity trends and guide strategic choices.
- Consolidated sector activity data and produced regular monitoring dashboards in Excel.

EDUCATION

Master's Degree in Alternative Economics and Finance | Ibn Zohr University, Agadir | — Sep 2019 – Jul 2021

- Advanced Econometrics, Financial Modeling, Data Analysis, EViews

Bachelor's Degree in Economics and Management | Ibn Zohr University, Agadir | — Sep 2015 – Jul 2018

- Financial Data Analysis, Management, Accounting, Statistics

DATA & BUSINESS INTELLIGENCE PROJECTS

Design of Two Interconnected Interactive Dashboards (Activity & Performance Analysis) | Tableau Desktop

- Modeled and analyzed annual commercial performance.
- Used dynamic KPIs: sales trends, sub-category comparison, and customer loyalty (Tableau KPIs).
- Visualized customer distribution and weekly trends, with seamless navigation between dashboards and cross-filters.

Machine Learning Model: Predictive Analysis of the Moroccan Used Car Market | Python; Pandas; Scikit-learn

- Analyzed 31,041+ listings; extracted technical features and prices of cars listed on Moteur.ma.
- End-to-end pipeline: EDA, statistical tests, preprocessing (Pandas, Seaborn, and Scikit-learn).
- Built and compared regression models (Random Forest, XGBoost).

Master's Thesis: Modeling the Green Bond Market and Other Financial Markets | EViews

- Collected, cleaned, and processed complex financial time series (Excel and EViews).
- Structural Vector Autoregression (SVAR) modeling, correlation analysis, and shock transmission across financial markets.
- Designed summary visualizations and charts to interpret macroeconomic results with EViews.

CERTIFICATIONS

Data Analyst Certificate | Simplon Maghreb x JobInTech | — Jan 2026 – Jun 2026

- Data analysis (SQL, Python, Power BI, Tableau) applied to real-world projects

PL-300 Certification Preparation: Microsoft Power BI Data Analyst — In progress
